

# Story 1

this geographic map shows the countrie..	this line graphs shows the populati..	this line graphs compares the tren..	this column chart shows the average ..	the tree map shows the highest averag..	this pie chart demonstrates whe..	this chart demonstrates whe..
--	---------------------------------------	--------------------------------------	--	---	-----------------------------------	-------------------------------

# Story 1

this geographic map shows the countrie..

**this line graphs shows the populati..**

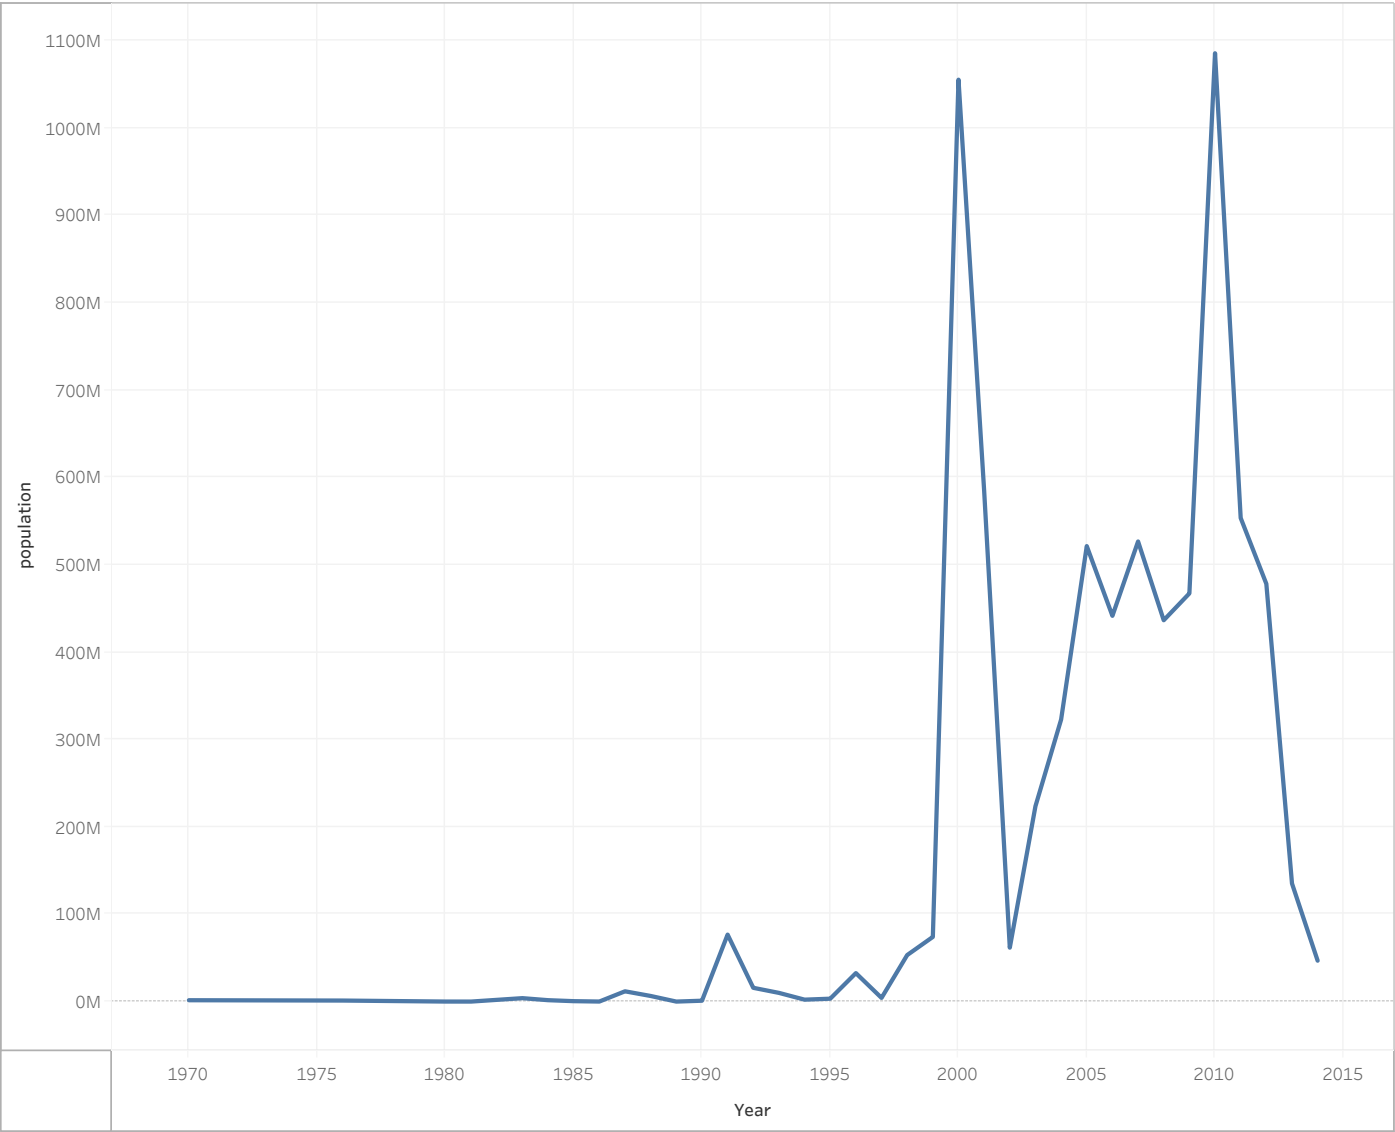

this line graphs compares the tren..

this column chart shows the average ..

the tree map shows the highest averag..

this pie chart demonstrates whe..

this chart demonstrates whe..

# Story 1

this geographic map shows the countrie..

this line graphs shows the populati..

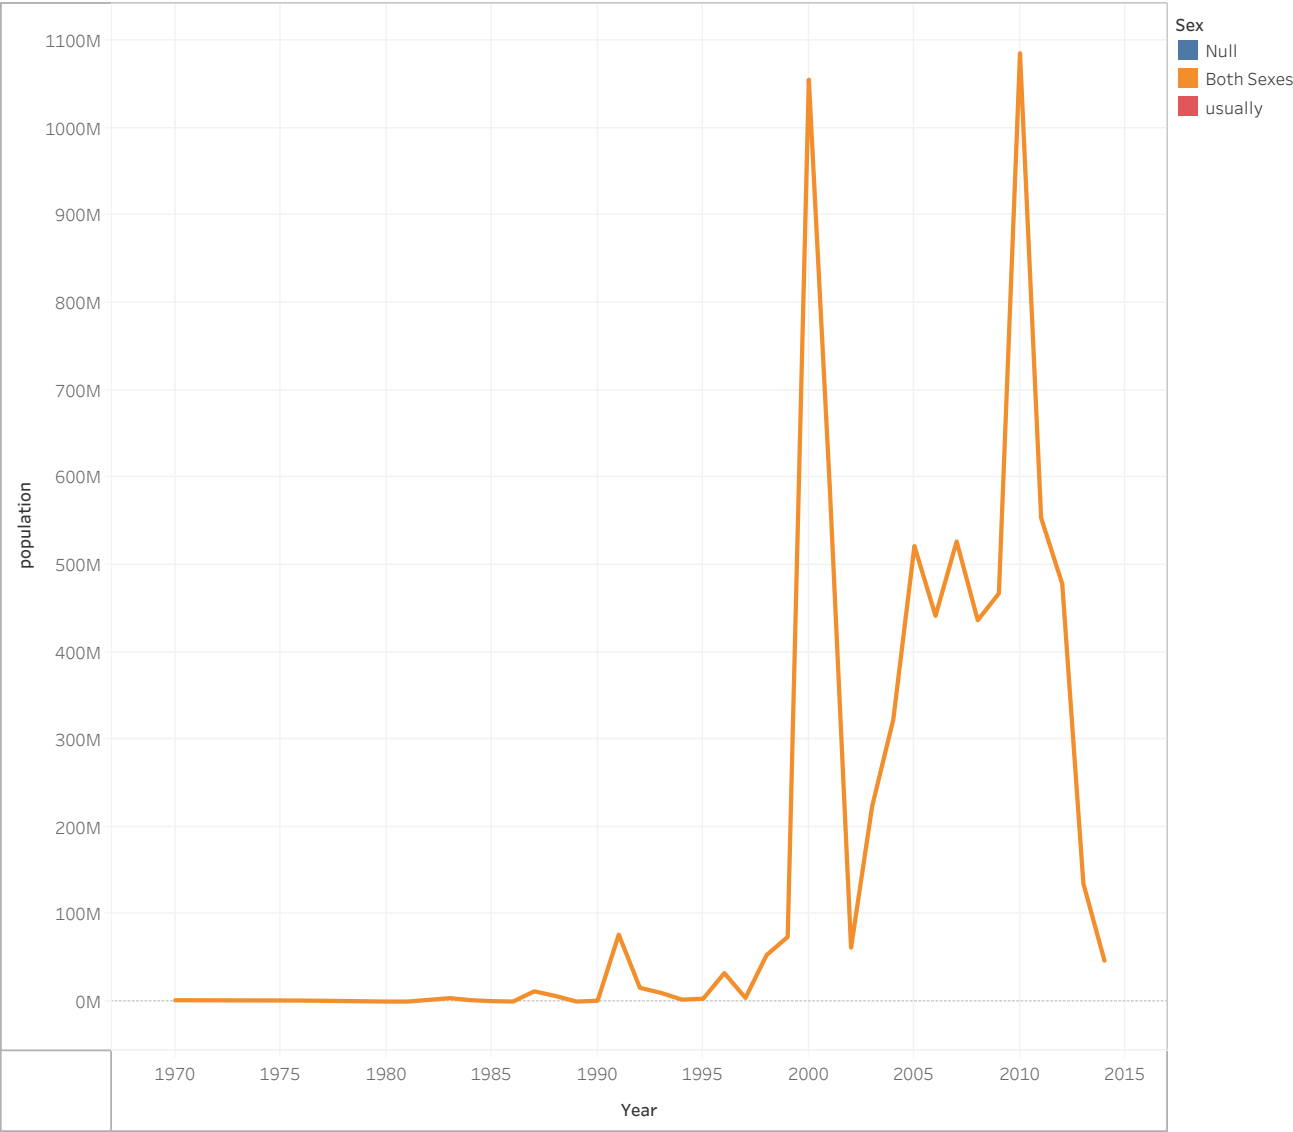

**this line graphs compares the tren..**

this column chart shows the average ..

the tree map shows the highest averag..

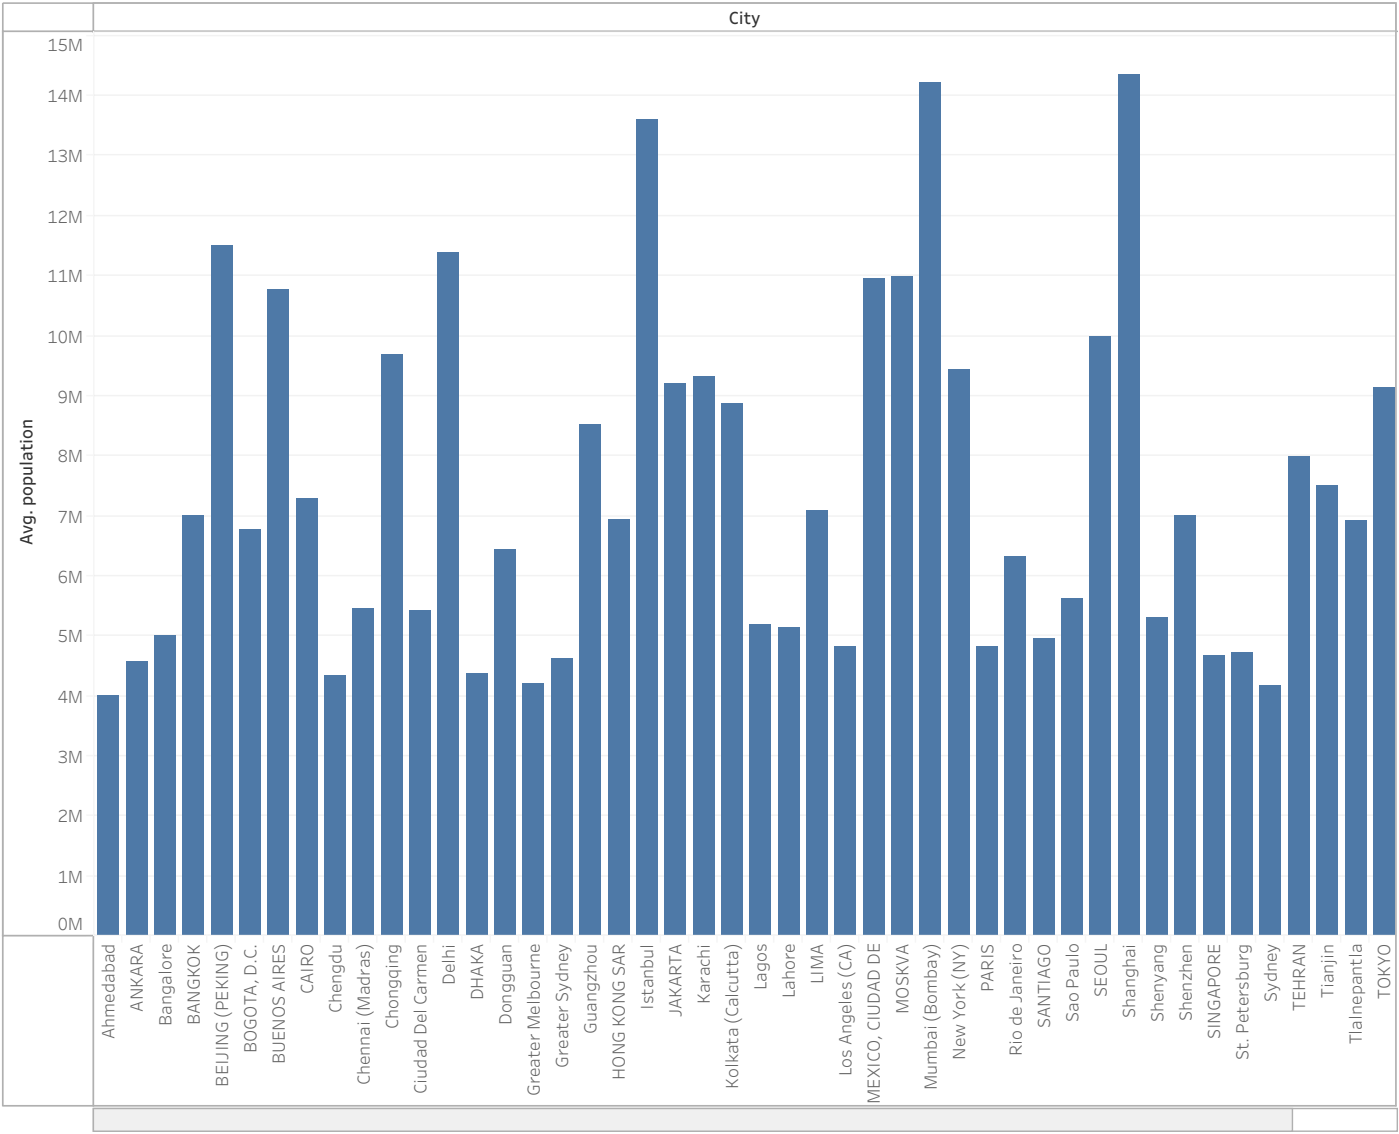

this pie chart demonstrates whe..

this chart demonstrates whe..

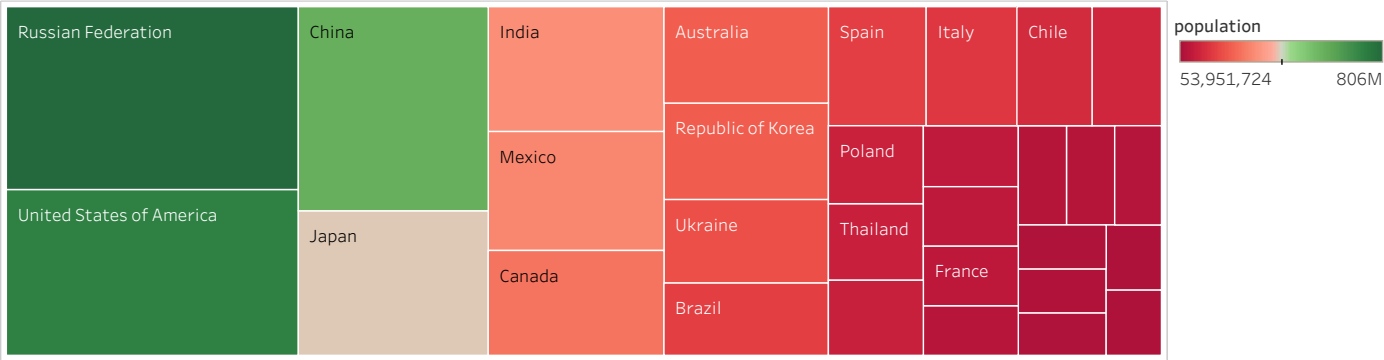

Story 1

- this geographic map shows the countrie..
- this line graphs shows the populati..
- this line graphs compares the tren..
- this column chart shows the average ..
- the tree map shows the highest averag..
- this pie chart demonstrates whe..
- this chart demonstrates whe..
